Hello Liz,

Can I find out what type of oversight or involvement the EPA has at Valero Partners Houston, which has reported a release of benzene

from Harvey-related damage. What kind of air monitoring has the EPA conducted there and what has that monitoring determined?

Melanie

Subject: Wall Street Journal interview request

Hello,

This is Melanie Evans at the Wall Street Journal. If someone's free in the next two hours, I am hoping to interview someone at the EPA about efforts to monitor air quality in Texas communities affected by Hurricane Harvey. I am pulling together a story about initial reports from companies to the TCEQ on air emissions events.

I am now in New York and can be reached at [212-416-3708](tel:212-416-3708).

Melanie
